

### THIRD CASE OF SCARLET FEVER

Modified Restrictions Put in Effect by Local Board of Health.

#### TO CONTINUE SEVEN DAYS

Prevents Students From Going to Public Places in Town. Classes And Chapel Held as Usual.

A third case of scarlet fever broke out at Gettysburg College this afternoon.

The name of the patient is Walter Hill, of Muncy, who is a member of the Freshman class.

Hill, who has been moved to the infirmary on the Academy campus, roomed in Pennsylvania Hall, commonly called "Old Dorm." Until today this dormitory was the only one of the three at college which had been untouched by scarlet fever cases.

At 5 o'clock Tuesday evening a modified quarantine was placed over the entire college as the result of the second case of scarlet fever which was discovered Monday in William Fickinger, Sophomore, Pittsburgh. This decision was reached by the local Board of Health at a special meeting held Tuesday afternoon with John Brehm, Rev. W. R. Glen, David Crist, Dr. H. M. Hartman, members of the board, and Dr. C. G. Crist, representing the State Department of Health.

The regulations for this quarantine are practically the same as those laid down in the first case nearly two weeks ago, except that all students are affected by it instead of those in one particular building. The quarantine will be in force for seven days.

In speaking of the quarantine Tuesday evening David M. Crist, health officer said, "The modified quarantine means that no student may go to church, moving picture theater, pool room, public or private dance, meetings or any other public gathering. One hour has been allowed to men each day to go to their boarding houses. The men in McKnight Hall, where the second case of scarlet fever was discovered, will take their meals one hour after the other men have finished. College classes and chapel will go on as usual with the exception of the residents of McKnight Hall. They will not attend any college exercises."

Students living in town are permitted to attend classes but if they do they will have to abide by the quarantine regulations and may not go to public places in the town.

The local health authorities, however, advise that the town students refrain from attending classes until the quarantine is lifted.

While it is not the intention of the local Board of Health to put a guard around the campus to enforce the regulations, the members of the State police located here are co-operating with the authorities in enforcing the rulings. The board has made an appeal to the students to obey the regulations not only because they are laws but to prevent the spread of the disease in the town. It is not the intention of the board to make the quarantine any more odious than is necessary but they are determined that rules they have made shall be obeyed.

It was brought to the attention of the board recently that the quarantine on Cottage Hall was not strictly obeyed by some of the students and it is probable that arrests will be made if a similar situation arises.

#### ATTRACTED BY ALARM

Crowd of Onlookers Sees Fire Extinguished At Hillman House.

A chimney fire which broke out at the house of Mrs. Ella Hillman, 126 West street, at 8:00 o'clock on Tuesday night, attracted a large crowd of onlookers but caused insignificant damage.

Shortly before that time Amos Weikert saw sparks shooting from the Hillman chimney and sent in an alarm.

After many months of silence the fire bell then commenced an incessant clanging which caused persons to scurry toward the scene of the fire.

The fire company answered the call promptly and without much difficulty put out the slight blaze which had started from a coal stove on the second floor of the house and probably had been smoldering in the chimney for an hour or more.

### STATE WILL CHECK UP BRIDGE PLANS

Commissioners Want Opinion of Highway Department on Biglerville Road Span.

Plans of the proposed new concrete bridge over the Conewago creek between Gettysburg and Biglerville were sent by the Adams county commissioners today to the State Highway Department to be checked up relative to advertising for new bids.

For the past half year the Biglerville road bridge has been a subject of discussion at various meetings of the commissioners.

The former board whose term expired on January sixth hired a surveyor to make an estimate of the probable cost of erecting a span over the Conewago on the Biglerville road. Bids were then advertised for and submitted.

In two instances, however, the former board announced that the bids of the contractors was too much above the figure of their surveyor to allow the structure to be built so no contract was awarded.

The purpose of the present board is to find out if it will be possible to construct the bridge for a sum less than the one estimated by the surveyor employed by the former board.

At their weekly meeting on Tuesday Reuben H. Lupp and Walter Snyder, two of the commissioners, discussed probable changes that will take place in the court house in the near future but took no definite action because of the absence of William Linn, third member of the board.

#### ALFRED PALM IN JAIL

Denies Charge That He Stole Six Chickens.

In default of \$250 bail Alfred Palm, of Gettysburg, colored was given into the custody of the sheriff after a hearing was held in the office of Squire Hill on Tuesday afternoon.

E. O. Currens, who lives along the Fairfield road about three miles from Gettysburg, charges Palm with stealing six chickens from him on the night of February 12 and later taking three of them to the Smith produce establishment, Carlisle street, and selling them.

Palm said that he was innocent of the charge.

### ACTIVITIES COME TO A STANDSTILL

Dance, Banquet, Entertainment, And Game Cancelled at College.

Activities at Gettysburg College have come to a standstill as a result of the modified quarantine imposed by the local Board of Health due to the second outbreak of scarlet fever.

When the first outbreak occurred at college on February sixth it became necessary for the Inter-Fraternity dance committee to cancel one of the biggest dances of the winter and on Tuesday night a similar process had to be followed by young women of Gettysburg who had completed all their plans for a Leap Year dance in Glatfelter Hall.

After the girls learned of the quarantine they endeavored to hold their dance in the Gettysburg Hotel but this action was also prevented by members of the local Board of Health who announced that no students would be allowed to congregate in public places.

The Phi Kappa Psi fraternity was obliged to stop making arrangements for a banquet at Hotel Gettysburg, Thursday night, while the Y. M. C. A. committee announced that they had received orders to allow no town residents at the Winters entertainment in Brua Chapel the same night. The entire entertainment will be called off probably.

In the meantime Doyle R. Leathers, coach of the basketball team, has been unable to find out whether or not the entire schedule will have to be cancelled. Dickinson College is scheduled to play here on Saturday night but that contest will likely have to be called off as well as several others scheduled for next week with Mount St. Mary's and Dickinson away.

Coach Leathers is awaiting more definite orders before sending word to the opposing teams.

### DEBATE FEATURE IN HIGH PROGRAM

Immediate Intervention in Mexico Verdict of the Judges.

That the conditions in Mexico demand the immediate intervention of the United States was the unanimous decision of the judges, Ray E. Rice, Harry Foth and Professor W. Raymond, in the debate of the Palm Literary Society Tuesday night in the High School auditorium, the subject of which was "Resolved: That the Mexican situation demands immediate intervention by the United States." The affirmative side of the question was upheld by Ross Sheely and Rex Gilbert while the negative was supported by Robert Morris and Harold Roth.

The affirmative speakers said in part:

"The Monroe Doctrine states that no European country shall interfere with any of the American countries in this hemisphere. This in itself makes the United States responsible for Mexico. If some foreign power with as much interest in Mexico as United States should take steps to protect their property that would violate the Monroe Doctrine and cause war. Then after all expense of war with a foreign power the Mexican situation would be no nearer to solution. Thus immediate intervention is necessary to prevent the Monroe Doctrine from becoming a 'scrap of paper.'"

"Little information concerning the atrocities that are daily occurring in central Mexico reach the United States. American citizens are being murdered. We went to war with Germany for the murder of American citizens and since 1910 over 500 Americans have been murdered in Mexico. International practice permits intervention on moral and humanitarian grounds. Great Britain intervened in the Armenian situation and protected the Americans from the Turks. Why shouldn't United States intervene and save Mexico from Mexican bandits."

"By intervention we do not necessarily mean armed intervention. We could send corps of doctors, nurses, teachers and Red Cross outfits and bring that country up to civilized standard."

The negative presented strong arguments and quite equalled their

#### PLAN MINSTREL SHOW

Odd Fellow and Legion Committee Appoint Men To Take Charge.

At the end of a joint meeting of the Odd Fellows and the American Legion that was held in the Odd Fellows' room, Tuesday night, two committees were appointed to take charge of presenting the proposed minstrel show and they will meet in the Odd Fellows' room on Friday night at 7:30 o'clock to select the cast.

J. C. Wiernan, chairman; James W. McDonnell, William D. Gilbert, Preston Tate and Jesse Snyder from the Odd Fellows committee and Maurice Miller, chairman; Lawrence Sheads, Carl Menchey, Earl Stallsmith, Charles Myers, Horace E. Smiley, and Clyde D. Berger represent the Legion.

These committeemen who were almost all present Tuesday night expressed the wish that every member of the Odd Fellows and Legion would appoint himself a committee of one to go to the Friday night meeting to help pick the most suitable men for the various parts in the minstrel show.

During the discussion the committeemen expressed the opinion that the show should be put on in about one month and that it would have to appear at least two nights in order to accommodate the crowds.

No definite decision has been reached as to where the show will be held.

### OPEN BIDS FOR COUNTY ROAD JOB

George Merdinger \$300,000 Low Bidder on Ten Mile Stretch of Harrisburg Road.

George Merdinger, contractor, of Bethlehem, was low bidder on the proposed construction of approximately ten miles of concrete highway in Tyrone, Huntingdon, and Latimore townships and York Springs on the Harrisburg highway when the sealed proposals were opened Tuesday afternoon in the offices of the State Highway Department at Harrisburg.

Mr. Merdinger's bid was \$301,153.97 lower than the bid of Langthorne and Company, of New York City. The Merdinger bid was \$511,696.32 while Langthorne bid \$812,769.29. The contract was not awarded. Sealed proposals were asked on seventeen projects. No bids were received on two of them.

The Adams county project which consists of 51.484 feet links up the stretch now under construction in Straban township by M. Bennett and Sons and the operations now underway in York county by the Langthorne company. Upon the completion of the job just bid on and the two projects under construction there will be nearly thirty miles of permanently improved road toward Harrisburg.

### PUPILS PRESENT PLEASING COMEDY

Students of St. Francis Greeted by Large Audience Tuesday Night.

A large audience greeted the pupils of St. Francis Xavier school in Xavier Hall when they presented the comedy drama, "Kathleen or The Cost of a Promise" on Tuesday evening at 7:30 o'clock.

The play was attractively staged, the costumes appropriate and the interpretation of the lines most satisfactory, and all who took part showed the result of careful training. The approval of the audience was frequently manifested by hearty applause. The rehearsals for the play were under the capable direction of the Sisters of Charity.

A brief outline of the play shows the hardships and difficulties experienced by Kathleen when she endeavored to keep promises made to her dying mother, Mrs. Connor, to find an only sister, Mrs. Royaltan, who had unlawfully secured all the money of her father's estate, leaving Mrs. Connor practically penniless, and to extend her forgiveness to the haughty, wealthy woman. After locating Mrs. Royaltan, who at once became infatuated with Kathleen, the Royaltan nieces became jealous of the love shown her by Mrs. Royaltan and they plotted against her by placing a bracelet in her pocketbook during her absence from the room and quickly had her arrested for larceny. Topsy, the colored servant, spied on the nieces and hurrying to Granny Gilligan told her of the event who in turn notified the wealthy Mrs. Royaltan. Plans were at once made for the release of Kathleen and the dismissal of the Royaltan nieces and Kathleen fell heir to the bulk of the Royaltan estate.

Miss Virginia Ramer taking the part of "Topsy," the colored servant, and Miss Anna Eberhardt as Granny Gilligan furnished plenty of humor throughout the play.

Special features of the play included a vocal solo by Miss Mary Thomas, and a gypsy scene in which Miss Mary Eberhardt danced and Miss Corinne King told the fortunes of the nine little children who took part. They were Marie Frommeyer, Helen Robinson, Jeanne Robinson, Marie Stock, Angela Stock, Charles Jacobs, Richard Eberhardt, Percy Jacobs, Graber Frommeyer.

The play was given for the benefit of the school and the proceeds, which amounted to \$160, will be used to furnish the necessary school equipment.

The following is the cast of characters: Kathleen, Mary Thomas; Mrs. Connor (her mother) an invalid, Anna Dillion; Viola, Helen Lady; district nurse, Martha Irvin; Granny Gilligan, Anna Eberhardt; Loda, Corinne King; Zola, Mary Eberhardt; Mrs. Royaltan, (wealthy sister of Mrs. Connor), Marie Hemler; Lucille Royaltan, Helen Cunningham; Ethel Royaltan, Rose Smith; Madame Felice, Lillian Redding; Annette, Esther Diehl; Topsy, Virginia Ramer; Magistrate, John Irvin; guards, Joseph Hoffman and Richard Stock; messenger, Chas. Codori.

### M'ADOO NOT OUT FOR PRESIDENCY

National Issues More Important Than Individual Candidates, He Says.

#### WOULD NOT REFUSE OFFER

Citizens of Boyhood Home Would Vote For Him in Primaries, Former Secretary Will Not Permit.

(By Associated Press)

New York, February 18—William Gibbs McAdoo announced today that he would not permit his name to be used on Presidential primary ballots in the various states and that he advocated sending uninstructed delegates to the Democratic National Convention. The former Secretary of the Treasury said he believed the highest constructive leadership can be best obtained if the national issue is not submerged in the contest of individual candidacy.

The obligations of citizenship in a democracy are supreme, he said, and there he duty regard it as the imperative duty of any man to accept a nomination if it should come to him unsolicited.

"I am not seeking the nomination," the letter read, "and am reluctant to do anything that would create the appearance of candidacy."

Mr. McAdoo's views were expressed in a letter sent to Miller S. Bell, mayor of Milledgeville, Georgia, in response to a telegram saying the citizens of his boyhood home had placed his name on the presidential preferential ticket.

#### STOCK REPORT

Early Setback Overcome By Industrial Activity.

(By Associated Press)

New York, February 18—An early setback in the stock market this morning proved of short duration, industrial rallying easily when the buying of rails was resumed at additional gains. For the first time many months of transportation dominated the trading both as to activity and extent of their advance. Oils were next in favor and railway equipment followed the course set by oils. Losses of 1 to 3 points in General Motors, Crucible steel and affiliated issues were more than recovered and specialties also strengthened at the steadiness of foreign exchange and the six per cent renewal rate for call loan comprised the other encouraging features.

#### HINES SOON TO RETIRE

Will be Ready to Quit Railroad Administration May 1.

(By Associated Press)

Washington, February 18—Director General Hines said today he hoped to see the work of liquidation of railroad affairs reach a point where he will be justified in retiring from the railroad administration about May first, two months after the roads are returned to private control.

By the time Mr. Hines retires it was expected there would be left for consideration only questions of law and accounting.

## HOOVER FAVORS PRIVATE CONTROL

Says Experiments in Socialism Brought on World War.

### OPPOSED TO OWNERSHIP

Ships And Railroads Should be in Private Hands. No Scheme Yet Devised to Meet Problem.

New York, February 18—The return of the railroads to private ownership on March 1 will mean the placing of private operation on its "final trial," in the opinion of Herbert Hoover, expressed last night in his inaugural address as president of the American Institute of Mining Engineers. At the same time, Mr. Hoover attacked government operation of either railroads or shipping as "experiments in socialism necessitated by the war," to which there were many fundamental objections.

"No scheme of political appointment," Mr. Hoover said, "has ever yet been devised that will replace competition in its selection of ability and character. Both shipping and railroads have today the advantage of many skilled personnel sifted out in a hard school of competition, and even then the government operation of these enterprises is not proving satisfactory. Therefore, the ultimate inefficiency that would arise from the deadening paralysis of bureaucracy has not yet had full opportunity for development. Already we can show that no government under pressure of ever-present political or sectional interests can properly conduct the risks of extension and improvement, or can be free from local pressure to conduct unwarranted services in industrial enterprises."

**Warns of Reaction**  
After referring to the handicaps imposed upon business through the failure of transportation facilities to grow with the country, Mr. Hoover continued:

"The return of the railways to the owners places predominantly private operation upon its final trial. If instant energy, courage and large vision in the owners should prove lacking in meeting the immediate situation, we will be faced with a reaction that will drive the country to some other form of control. Energetic enlargement of equipment, better service, co-operation with employees and the least possible advance in rates, together with freedom from political interests will be the scales upon which the public will weigh the results."

Turning to the question of shipping, Mr. Hoover said that, while with the railroads government inefficiency could be passed on to the consumer, "on the seas we will sooner or later find it translated to the national treasury." The speaker asserted that as government officials could not engage in "haggling in fixing rates," they must take refuge in rigid regulations and in fixed rates.

**The Shipping Question**  
"The effect of our large fleet," he went on, "in the world's market is thus to hold up rates, for so long as this great fleet in one hand holds a fixed rate, others will only barely underbid. If we hold up rates, an increasing number of our ships will be idle as the private fleets grow. We shall yet be faced with the question of demobilizing a considerable part of this fleet into private hands, or frankly acknowledging that we operate for other reasons than interest on our investment."

### DISABILITY OF PRESIDENT

Resolution Would Give Vice President Power In Such Case.

(By Associated Press)  
Washington, February 18—Representative Fess, Ohio, chairman of the Republican congressional committee, announced today that he was preparing for introduction a resolution proposing a constitutional amendment which would provide that in the disability of the president to administer his office would be determined by the Supreme Court and declared by a concurrent resolution of Congress.

Under the amendment the vice president would assume the duties of president in the event the president was declared disabled. Should Congress not be in session when the disability occurred, the vice president would be authorized to call a special session.

Mr. Fess said his measure would not be designed to cause the temporary removal of President Wilson but that it merely had been suggested because of the situation resulting from the President's illness.

## HOLD UP SALE OF GERMAN SHIPS

Only One Offer Received. Move to Stop Pending Legislation.

Washington, February 18—Recommendations as to the future policy to be followed by the Shipping Board in regard to the sale of the 30 German passenger ships, which has stirred up a controversy involving several branches of the government, will be submitted to the Senate Commerce Committee today by Chairman Payne.

A report on the bids received for the vessels is expected to be laid before the committee, together with estimates of the amounts necessary for refitting the ships for passenger service.

Chairman Payne stated last night, after a meeting of the board, that the matter of the sale of the craft would not be considered until the situation had been laid before the Senate Committee.

The end of the auction for receiving bids on the vessels came quickly yesterday, with only one offer made out of a choice of 19 ships. The largest vessels of the fleet, including the Leviathan, George Washington, Aragon and Mount Vernon, were passed over without arousing interest of the shipping men, who Monday bid millions for the liners in groups.

**Auction Closes**  
The single offer made was a bid of \$550,000 by the Acme Operating Corporation for the 4,500-ton steamer Otsego. When the list of ships offered individually had failed to bring bids, Commissioner Scott called for further offers by groups, and there being none forthcoming, announced the auction closed.

Under the announcement at the opening of the auction, no action will be taken on the bids without the sanction of the Senate Commerce Committee and the House Merchant Marine Committee, and pending the decision of the injunction proceedings brought by William Randolph Hearst, as a taxpayer, to prevent the sale of any of the vessels.

Becomes Chief Executive of France. Poincare Retires.

Paris, February 18—Paul Deschanel today became President of the French Republic to succeed Raymond Poincare, who laid aside the robe of office after one of the most critical periods in the history of the country. The formal transfer from the old to the new regime occurred at the Palace of the Elysee this afternoon.

### BLAST INJURES SIX

Explosion Hurls Stone Into Subway Train.

New York, February 18—Six persons were injured, two of them seriously, when a blast in an excavation for a new building in lower Broadway hurled a large rock through the wall of the Broadway subway. The rock crashed into the first car of a train passing through the Rector street station.

## MARTENS TELLS OF RED SOVIET

Says The Proletariat Has Right to Use Force to Gain Rights.

### THEY SEIZED PROPERTY

Take Charge of Press to Make it Free. Refuses to Tell What His Instructions Were.

Washington, February 18—More testimony regarding Russian Soviet government attempts to establish relations with American business concerns was given Tuesday when the Senate sub-committee investigating Soviet activities in the United States resumed its examination of Ludwig C. A. K. Martens, self-styled Soviet ambassador.

Chairman Moses presented protests from the Packard Motor Car Company and the Westinghouse Electric Company against Martens' assertions that they had sought to trade through him with Russia. Martens conceded it was possible that they had been merely solicited to sell goods, and had not sought orders.

Concerns less known than those named, Chairman Moses' questioning indicated, which actually contracted with the Soviet government, in at least two cases, had used the fact to assist their financing operations.

Martens read a letter he wrote the State Department, formally demanding possession of some \$28,000,000 worth of railway equipment, bought in the United States by the former regime in Russia, to which he has received no response.

**Harassed In New York**  
"Are you now prepared to submit to the committee all your instructions, secret or otherwise, from the Soviet government?" was asked by Wade H. Ellis, committee counsel.

"No," Martens answered. "I am willing to give everything that I can submit, but I cannot give my codes, names of my couriers and so forth."

"Isn't it a fact that part of your correspondence has been destroyed?" Ellis continued.

"No, but I was so much harassed in New York," Martens replied, "that parts of it were concealed in safe places by my friends."

"Who is Bucharin?" Ellis asked.

"He is editor of La Pravda, a Russian newspaper," said Martens.

"That's an official organ of your government, isn't it?"

"No, of the Communist party."

"And Bucharin has been assistant commissary of foreign affairs for the Soviet?"

Martens said he did not know that.

"Did you see dispatches in the morning papers concerning a message signed by Bucharin, seized in England, urging an inflammatory language revolution in the United States?" Mr. Ellis asked.

"Yes," Martens said. "I only saw it there, however."

Bucharin was in the United States for three months, from December, 1917, Martens added. Ellis read an article in the "Revolutionary World," a New York publication, which he credited to Bucharin, and in which was urged "dictatorship of the proletariat" and a rebellion of "the working class who can gain nothing by soft words."

"Do you endorse those opinions?" Ellis asked.

"I can't answer that," Martens said, and his attorney, former Senator Hardwick, of Georgia, asked if the committee was "investigating political opinion."

## CALLS IT GROUND HOG CABINET

Poindexter Says It's Afraid of Shadow. Should Withdraw From Europe.

Washington, February 18—Senator Poindexter, of Washington, a candidate for the Republican presidential nomination, told the National Press Club last night that President Wilson's reported proposal to withdraw from European affairs on account of Adriatic controversy was one of the best things the President ever had said. If the European Powers only would force the plan to be carried out, declared the speaker, the United States might be spared serious consequences now threatening it because of the peace settlement.

The resignation of Secretary Lansing also was commented on at length by Senator Poindexter, who was the speaker of the evening at the club's series of "Presidential Nights."

"What is left of our mutilated Cabinet," he said, "ought to be called the ground hog Cabinet. It undoubtedly will be afraid of its own shadow, and stay close in its hole for more than six weeks. One safe bet is that their minds will go along with his hereafter; that is, whatever independence of mind they may have had."

**Opposing Views**

"As early as January, 1919, it appears that Secretary Lansing entertained opposing views in matters of momentous consequence. It can readily be seen how he felt at a conference called together for the sole purpose of framing a treaty of peace, and knew that it had no authority to resolve itself into a constitutional convention. Secretary Lansing, it now appears, revolted from the prospect. His loyalty to the President only fully appears when it is considered that he evidently placed it above his dislike for the schemes of world control which had been thrust upon the conference."

"It may be that Secretary Lansing was misled by the espionage act, getting the impression that it prohibited anyone from forming or expressing any opinion different from that of the President. This delusion still persists in many quarters."

### FAREWELL SOCIAL

Members of Mount Joy Lutheran Entertaining Departing Pastor.

The members of the Mount Joy Lutheran Church held a farewell social for the pastor Rev. P. T. E. Stockslager on Monday evening in the Sunday School room of the church. After refreshments had been served speeches were made by some of the members and at the close of the meeting the pastor made his farewell speech. The members joined in singing American as the meeting ended.

### GRANVILLE OUT OF TOWN

College President Will Remain at Wernersville For Indefinite period.

Dr. William A. Granville, president of Gettysburg College, has gone to the Wernersville sanatorium where he will remain for an indefinite period on account of illness. During the past two days scores of calls have come to his residence on the campus regarding the scarlet fever cases but no communications will be sent to him.

### To Acquire Greatness

The best guarantee to greatness is a genuine interest in a great program. Then it is that the fellow becomes so interested in the job that he hasn't time to think about whether he's great or not. He sees the thing to be done and becomes so full of how to do it that he becomes without knowing that he's becoming great in the eyes of the world. So the best thing is to be filled with your job and work it, until it gets the fruits.

### BERMUDA STILL WET

Hotels Expect Patrons to Use Common Sense in Drinking.

(By Associated Press)

Hamilton, Bermuda, Feb. 18—Posted conspicuously in the lobby of a big local hotel is a placard which reads: "Bermuda still has license. We expect our patrons to exercise common sense. We do not care how little they drink; excess will not be tolerated."

Some islanders affect to see a promise of a great future founded on the dollars of American tourists who, they believe, will flock hither as to an oasis. Others look with apprehension on the prospect. Meantime the conduct of the tourists is being watched with an unusual degree of interest. Some among the new arrivals do not hesitate to say that they made the trip largely in expectation of throwing off the restraint of their homeland.

"We come here to seek freedom," declared a new arrival as he planted his feet against the brass rail of a local bar. "We have to seek liberty under the folds of the British flag; wherever the Union Jack waves one can take a drink unmolested."

A companion who ventured to call his attention to the state of affairs in Newfoundland and certain Canadian provinces where the British flag waves over bone-dry regions, was pooh-poohed.

### SEVEN SAILORS DROWN

Naval Barge Sinks Off Cuban Coast. Dory Capsizes.

Washington, February 18—Five enlisted men were drowned in the sinking of a naval water barge yesterday off the Cuban coast, the Navy Department was advised today, and two others lost their lives in the capsizing of a motor dory from the U. S. S. "Hovey" last Sunday at Harwich, England.

## REVENUE AGENT TO TOUR COUNTY

(Continued from First Page.)

March 15.

Mr. Smarsh in a statement today urged the necessity of having the returns in on time and said that under no circumstances would there be an extension of time this year. The matter of filing the reports on the income is up to the individual at present, he must determine whether the law applies to him and the law points out clearly who is and who is not affected.

If he is single, a return is required if his net income for 1919 was \$1000 or over. A widow or widower is classed as a single person. A man or woman living apart from his wife or husband is also classed as a single person.

If he was married and living with his wife on December 31, a return is required if his net income for 1919 was \$2000 or over. In his net income he must include that of his wife and minor children, if any.

If a tax is due on his income, he must make payment with his return. This payment may be made in whole or in part of the tax due. At least one-quarter of the tax must accompany the return.

The filing and paying must be done before midnight of March 15, or he is classed as a delinquent and is subject to severe penalties.

Two forms are being distributed for personal returns. Form 1040A is intended for use by a person whose net income does not exceed \$5000. A larger form, 1040, is intended for each person having a net income in excess of \$5000. Both of these forms are now obtainable at the local Revenue office.

### Get Blanks at Once

It is urged by the Internal Revenue Bureau that tax-payers obtain their blanks at once. Failure to have a blank form at hand for an eleventh-hour return will not relieve a person for failure to comply with the law in regard to penalty.

Each form contains instructions for preparing and filing the return, and these should be carefully read and strictly observed.

There is also provided a "work sheet" which should be used for making the original computations, and which should be retained and preserved by the taxpayer.

Any person who is in doubt on points affecting his particular case, should bring such matters to the attention of Mr. Smarsh, who will render every necessary aid without charge. When the return is completed, it should be properly executed and immediately filed. It is pointed out that accuracy in compiling the return is absolutely necessary. Mere guesses and estimates as to income and deductions should be avoided, and actual facts and amounts should be set forth. And this is equally important in considering the question of whether a return is required.

### PRISONERS TO SEE HANGING

Sheriff Announces He Has Not Changed Policy.

Chicago, Feb. 18.—Prisoners in the Cook county jail will be permitted to witness executions despite protests by women's organizations, public officials and others, Sheriff Peters announced Tuesday. Jack O'Brien will be hanged Friday for the murder of a policeman and the procedure will be the same as on the hanging of Raffaelo Durrigo about a month ago, when prisoners in surrounding tiers of cells looked on, the sheriff said.

"The mere hanging of a particular subject is not meant to punish that subject alone," said Sheriff Peters, "but the real object is to punish the criminal class. If capital punishment means anything at all it is a deterrent to further crime and an example to others. The very class it is intended to reach are those confined in the jail."

"I will pursue the same policy with regard to the execution of O'Brien as I did that of Durrigo."

### WANTS RULES CHANGED

A proposal to change the rules of football so the length of a game will be regulated by the number of plays instead of by time, will be considered at the next meeting of the football rules committee.

The plan advanced by Harry R. Coffin, a Harvard graduate, is said to have the indorsement of Walter Camp, Percy D. Houghton, and others prominent in the sport.

The object is to overcome the wide variation in the number of plays in contests directed by different officials, and to prevent a team which is leading from delaying in order to consume time.

## TOWN DRUNK ON BOOZE WASHED UP

Spirits Washed Ashore Make it a Town Party. Orgy Lasted Half a Day.

London, Feb. 18.—Virtually the entire male population of the village of Lagrana, near Ferrol, Spain, was in a state of "helpless intoxication" for three days recently, the fishing industry and all other work being at a complete standstill, according to a Madrid dispatch.

"Owing to the stormy weather," it says, "a number of cases of spirits laden on incoming vessels had been washed ashore. The casks were picked up by the fishermen, small tradesmen and mechanics, who, after selling part of the wreckage, assembled in a building and consumed dozens of bottles of brandy, rum and other spirits. The orgy lasted for six hours, at the end of which time the whole crowd was found lying in huddled heaps about the floor in an unconscious condition."

"A detachment of marines was dispatched to the building, and in the presence of the captain of the port, the people were shovelled like coal into six large carts and conveyed still insensible to the naval hospital here under escort of marines with fixed bayonets."

"The value of the liquor consumed is estimated at 1500 pound sterling. There are 540 patients, ranging from 16 to 70 years of age, in the hospital."

### NEIDERER—MOORE

County Couple Married at Nuptial Mass in New Oxford.

Miss Estella Moore, daughter of Mr. and Mrs. George Moore, near Brush Run, this county, and Bernard Neiderer, son of Mr. and Mrs. Peter Neiderer, Midway, were married Tuesday morning. The ceremony was performed at a nuptial high mass in the Immaculate Conception church, New Oxford, at 8 o'clock by the Rev. J. B. Shanahan. They were attended by Miss Helen Neiderer, sister of the bridegroom, and George Moore, brother of the bride. The bride was attired in a dark blue silk gown with spring hat to match. After the wedding a breakfast was served at the home of Mr. and Mrs. Peter Neiderer, Midway, and a dinner was served at the home of her parents. Mr. and Mrs. Neiderer left Tuesday evening on a brief wedding trip to Lancaster.

### BUCHER—LAUVER

### NO CROWN IN GERMAN CODE

Berlin, Feb. 18.—The new German coat of arms adopted by the National Assembly consists of a one-headed eagle on a yellow gold shield, and without the old-time crown. The eagle will be displayed in simple heraldic form, without any accessories.

The Hohenzollern coat of arms, and the chain of the order of the Silver Eagle, all parts of the old Prussian coat of arms, have been omitted. The bill of the eagle, the tongue and the talons are in red. Servants of the government are to wear the device without the shield so it can be pinned to their uniforms.

Some of the Pan-German papers ridicule it, saying the "skinny, homely eagle with extended tongue" violates all the rules of good taste.

### MARINES SHOOT WELL

Washington, Feb. 18.—From a shooting standpoint, the year just passed was the most successful in Marine Corps history, according to advices from Marine Corps Headquarters here.

Over 87 per cent of the Marines who fired the prescribed range course in 1919 qualified as marksmen or better.

Owing to the many new conditions brought out by the war, a standard course of instruction embodying the most modern methods of small-arms firing is being adopted for future use by the Marine Corps.

## SPORTING COLUMN

### SCHERDEL PICKS WHEAT

Says Brooklyn Player is Dangerous Batsman. Leaves For South Soon.

"Kid" Scherdel, former star left handed pitcher for the Hanover Blue Ridge League team who was in Gettysburg on Tuesday, leaves for St. Louis on the twenty seventh of this month to join Branch Rickey's Cardinals for their spring training trip to Brownsville, Texas.

While in Gettysburg, Scherdel gave a few opinions about National League ball players that will be of interest to the many fans who have seen the "Kid" twirl on Nixon and McAllister fields.

"Zach" Wheat, famous Brooklyn outfielder, is the most dangerous hitter in the National League according to Scherdel while his choice of the best men in their respective positions follows: Alexander, Chicago; Vaughn, Chicago and Doak, St. Louis, pitchers; Killifer, Chicago, catcher; Chase, New York, first base; Herzog, Chicago, second base; Hollacher, Chicago, shortstop; Groh, Cincinnati, third base; and Wheat, Brooklyn outfielder. Scherdel was high in his praise of Bill Doak, St. Louis spit ball artist. He said that he was equal in ability to almost any twirler in the league.

Marvin Goodwin, another former Blue Ridge pitcher, is also on the St. Louis club. Scherdel says that "Goody", who was a shining star with Martinsburg, has been greatly handicapped by an injured leg but will do great work when his physical condition permits.

Scherdel himself hurt his arm while twirling an exhibition game for McSherrytown the latter part of last season. During the winter, however, he has worked as a blacksmith to get his arm back in shape and hopes to have a good season.

### WAYNESBORO ANXIOUS

Industrial City Prepared to Enter Blue Ridge League.

Although the fans who gathered at Waynesboro Tuesday evening to discuss baseball were only fifty in number they made up for numerical lack in enthusiasm and settled beyond doubt the fact that a team will be put into the Blue Ridge league this season if the league officials are willing.

To conclude plans, which were left in the embryo state and to give opportunity for a larger attendance another meeting will be held next Monday afternoon. It will be in the nature of a smoker and general social affair, and Monday afternoon has been selected.

DEBATE FEATURE  
IN HIGH PROGRAM

(Continued from First Page.)

opponents' high standard of delivery. They said in part:

"The trade of the South American countries which before the World War went mostly to European countries is now possessed by United States. They wanted it with a country not devastated by invading armies. They are friendly to Mexico by racial ties and customs and would certainly not continue trade with a country hostile to Mexico. Mexico would be conquered but only at a cost of many lives and many dollars. Then the expense of maintaining an army along the border to preserve order would be great. It would be a long drawn out bloody affair consisting chiefly of guerilla warfare. Thirteen million of the sixteen million population live in the same crude state that they did when Cortez landed. Nothing but everlasting enmity and hatred would be gained by United States warring on this nation with its unstable government. Latin-American countries would not hesitate to believe that United States were trying to gain more land for herself and side with Mexico even to the extent of actual fighting. Our government knows best and the officials elected by the people of the United States will protect our interests by wiser methods than involving us in another war. War with Mexico would make us ineligible for membership in the League of Nations, for invasion in a hostile attitude would not be in accordance with the objects of the League."

Other numbers on the program included music by the high school orchestra, piano duet by Martha Lentz and Catherine Reaser, floor talk on "Woman Suffrage" by Alice Munshower, and a recitation, "The Rural Telephone," by Anna Lestz. The two musical "hits" of the program were the selection by the Palm chorus and the costumed song, the solo of which was sung by Treva Weikert. The "Palm Album" by Jessie Beard, was very well rendered and received.

"Miss Civilization" a drama by Richard Harding Davis, was one of the features of the evening. The characters were: Miss Civilization, Treva Weikert; Joseph Hatch, Brady Armory; Reddy, the Kid, Donald Lower; Hardy Hayes, Paul Mehrling; Captain Lucas, Fred Rice; trainmen, Mark Wible, Glenn Bream and Clifford Bream. All these characters were good especially Treva Weikert, Donald Lower, Paul Mehrling and Brady Armory. The play was under the direction of Miss Elsie Garlach, the French instructor, who so successfully directed "The French Maid," at the Clover Literary about a month ago.

## BACKACHE IS DISCOURAGING

But Not So Bad If You Know How to Reach the Cause.

Nothing more discouraging than a constant backache. Lame when you awaken, pains pierce you when you bend or lift. It's hard to work or to rest. Backache often indicates bad kidneys. Gettysburg people recommend Doan's Kidney Pills. Read this case:

Harry H. Tawney, 9 Steinwehr Ave., Gettysburg, says: "My back ached almost constantly and at times I could hardly get around. The kidney secretions gave me annoyance by passing so irregularly. I was lame and stiff. I bought Doan's Kidney Pills at the People's Drug Store and they permanently cured me, and I have been in good health ever since. I know of a number of other people who have taken Doan's Kidney Pills and have received benefit."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Tawney had. Foster—Milburn Co., Mfgs., Buffalo, N. Y.

Now All You Good Fellows,  
Come Fill Up Your Pipes

The Velvet tin is twice as big as shown here

If ever men are "Tom" and "Bill" to each other, it's when good pipes are a-going. If ever good pipes go their best, 'tis when Velvet's in the bowl.

For Velvet is a mighty friendly smoke. Kentucky Burley is the leaf that Nature made for pipes. Wholesome and hearty, honest as the day. And Velvet is that same good Burley leaf, brought to mellow middle age.

For eight long seasons Velvet "meditates" in wooden hogsheads, throwing off the rawness of "young" tobacco—truly "ageing in the wood." Out Velvet comes—cool, calm and generous—the tobacco Nature made good, kept good and made better.

Velvet's sweetness is the sweetness of good tobacco, not "put on" like "frosting" on a cake. Its mildness comes from natural ageing, not from having the life baked out. Its fragrance is true tobacco fragrance, not a perfume. And Velvet makes an A Number One cigarette. Roll one.

As good old Velvet Joe says:

"Fill yo' heart with friendly thoughts,  
Yo' mouth with friendly smoke—  
An' let the old world wag."

fect that by an announcement authorized by the Pope, the marriage of divorcees would be permitted in Austrian Catholic churches beginning the present month, was inaccurate.

The story, it is now said, had as its basis alleged statements of certain priests who, it is asserted, advised divorcees that they might again marry before a registrar and continue unimpaired their relations with the church. The alleged statements of the priests are declared to have carried an implied promise that the remarriage of divorcees shortly would be made regular by the Rome authorities.

### SUFFRAGE LOSES

Maryland Legislature Votes It Down By Big Majority.

Annapolis, Md., Feb. 18.—Within three hours after the Suffragists had made their greatest demonstration at the Capitol for ratification of the amendment it was rejected by both House and Senate. The vote was decisive, as follows: Senate, 18 against and 9 for ratification; House 64 against and 36 for ratification.

Mrs. Donald Hooker, leader of the Suffrage forces, said after the announcement of the votes, that they would not present any other measure during the present legislative session to give them voting privilege in the State. She added her conviction that 36 States, the number required to make the amendment effective, will have ratified within a few months to make it applicable to Maryland.

### REMODEL OLD PRISON

Mexican Bastile Was Built in 1683. Harbored Many Prisoners.

Mexico City, Feb. 18.—Belem Prison, one of the oldest edifices in this city, is being renovated and remodeled preparatory to its re-opening as a general prison after seven years of disuse. It was built in 1683 and was used as a prison after 1866.

During its years of use it is said the prison never harbored less than 5,000 criminals.

### DISCUSS ADRIATIC REPLY

Sir Edward Carson For Explanation of the Answer.

(By Associated Press)

London, February 18.—Sir Edward Carson, the Ulster leader, asked in House of Commons today whether it was a fact that a harsh and uncompromising reply had originally been drafted to President Wilson's Adriatic dispatch and whether it had subsequently been changed by a representation by Viscount Grey, Ambassador to the United States, Lord Robert Cecil and Austin Chamberlain, Chancellor of the Exchequer.

Andrew Bonar Law, the government spokesman, replied there was not the shadow of foundation for such a suggestion.

"Indeed," he said, "I think it hardly necessary to say that there was not a single representative of any of the Allied powers at the conference who did not recognize the supreme importance for an understanding with the government and people of the United States."

### Why Druggists Recommend Swamp-Root

For many years druggists have watched with much interest the remarkable record maintained by Dr. Kilmer's Swamp-Root, the great kidney, liver and bladder medicine.

It is a physician's prescription. Swamp-Root is a strengthening medicine. It helps the kidneys, liver and bladder do the work nature intended they should do.

Swamp-Root has stood the test of years. It is sold by all druggists on its merit and it should help you. No other kidney medicine has so many friends.

Be sure to get Swamp-Root and start treatment at once. However, if you wish first to test this great preparation send ten cents to Dr. Kilmer & Co., Binghamton, N. Y., for a sample bottle. When writing be sure and mention this paper.

## Why More Small Cars Come Equipped With Goodyear Tires

Last year, more small cars, using 30 x 3, 30 x 3½, or 31 x 4-inch tires, were factory-equipped with Goodyear Tires than with any other kind.

This is plainly a result of the high relative value produced in these small-car tires by Goodyear's enormous resources and scrupulous care.

They represent the same intense endeavor to supply utmost satisfaction in tires that has laid the basis for the marked preference which exists everywhere for Goodyear Tires in the larger sizes.

This real Goodyear value in tires is available for your Ford, Chevrolet, Dort, Maxwell, or other small car, at our nearest Service Station. Go there for these tires and Goodyear Heavy Tourist Tubes.

## BENSON SUCCEEDS PAYNE

Rear Admiral Will Have Place On Shipping Board.

Washington, Feb. 18.—Rear Admiral Benson, chief of naval operations during the war, and now on the retired list, has been selected by President Wilson to succeed John Barton Payne as a member of the Shipping Board.

Admiral Benson's nomination will not be sent to the Senate until Chairman Payne winds up several pressing matters now before the board before taking over the office of Secretary of the Interior in succession to Franklin K. Lane, whose resignation is effective March 1. It was said at the White House that this probably would take about a month.

## MINDS NOT ON SERMON

Pastor Says Men Let Their Minds Wander.

Philadelphia, Feb. 18.—"Too many men attending Sunday morning church services have their minds on a contemplated afternoon motor ride instead of the words of the preacher," the Rev. Charles F. Althouse, of Phoenixville, made this assertion before clergymen attending the weekly meeting of the Reformed Church Ministerial Association.

## FRUIT TREE WARNING

Bureau Says Don't Buy Tree Over Three Years Old.

Warning was issued Tuesday by Director J. G. Sanders, of the State Bureau of Plant Industry, a branch of the Department of Agriculture, against buying trees over three years of age. The bureau warning says that trees are being offered for sale in Pennsylvania by concerns with headquarters in other States at from \$4 to \$6 each which are styled "bearing age fruit trees." Director Sanders says: "Do not buy a tree over three years of age; buy trees only one and two years of age where possible. Not more than one out of every ten trees of fruit bearing age will live when transplanted under ordinary conditions. Purchase trees from reputable nurserymen in Pennsylvania where possible."

"Visited a very hospitable man last night." "Yes." "We hadn't been in his house more than 10 minutes before he turned his thumb down." "What did that signify?" "A visit to his cellar."—Birmingham Age-Herald.

## America's greatest Blouse buying power --and America's foremost Blouse values

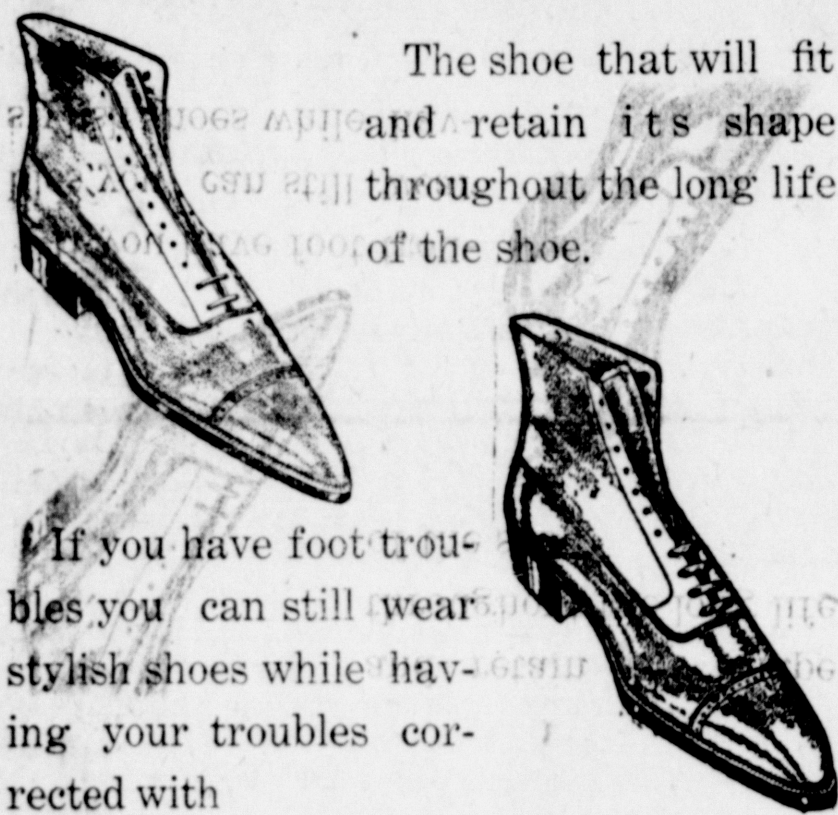

—There's a deep satisfaction in buying Blouses here, for whenever you do, you have the definite assurance that nowhere in the United States can newer Styles or better values be obtained.  
—This is the result of our fortunate Blouse buying connections.  
—As soon as the new Styles are developed, they are immediately sent to us; there's no necessity of waiting until salesman come to us or until we go to the market. Thereby Style newness or Style correctness is assured.  
—Then by combining our own buying power with that of many hundreds of leading stores, situated in every section of the Country, large economies resulting from quantity production are effected, and this makes for the very utmost in value.  
—If economy is a consideration with you, as well as Style, then it will be a good New Year's resolve to buy all your blouses here, as so many other thrifty thinking women are now doing.

### New Models in the National favored Welworth at \$2.50

Just by way of illustration of how far a small sum will go in the way of obtaining real Blouse satisfaction, we mention the new Welworth models. These Blouses embody every worthwhile quality that a good Blouse should possess, and they have thru their unflinching goodness become favorites everywhere. Although everything that enters into their construction has advanced radically the past year, they are still priced at 2.50. On March 1st, to insure the maintenance of the quality standard, a slight increase will have to be made.

#### MEDAL FOR SCOTT

March Defends Award of Badge to General.

Washington, D. C., Feb. 18.—Defending the award of a distinguished service medal to General Hugh L. Scott, chief of staff during the early part of the war, General March, chief of staff, told a House war investigating committee today that "it was the force of Scott that carried through the selective service draft."

War Department officials and army officers "had grave doubts whether the country could stand for the draft," said the chief of staff, adding that General Scott stood out conspicuously by insisting on it.

General March, who was in France at the time the law was under consideration, said Secretary Baker had given him the information as to General Scott's service regarding the draft law.

Secretary Baker believes sufficient medals have already been awarded, General March said.

Mrs. William Allison, who spent some time recently at the home of her daughter, Mrs. Quay Nary, and family, of Fairfield, has returned to her home.

Miss Alice Baker spent the week-end at the homes of Amos Longanecker and family, and Mrs. Elizabeth Breneman.

Mrs. Curtis Kint, who had an attack of appendicitis, is able to be around again.

Miss Jennabelle Allison is spending some time at the home of her sister, Mrs. Quay Nary, and family.

Mrs. Florence Wilson spent Monday at the home of her father, Jeremiah Wisler, on Route 5.

Success in life depends far more upon decisive action of character than the possession of what is called genius. The man who is perpetually hesitating as to which of two things to do, will do neither.—Wirt.

### "Just Pals" Father and Son

The man who has a boy growing up is usually particular about his own clothes. He wants to set a good example.

But he is even more particular about his boy. He is justly proud of him, and he wants to be proud of his clothes.

This store is the chart of FATHER and SON. It caters to every individual need—shows merchandise cheerfully and does not consider it's responsibility over when the sale is made.

IF YOU NEED

GLASSES

GET THEM NOW

The Greatest Blight on Humanity is impaired eyesight—nothing causes so much confusion, suffering and embarrassment as defective vision.

Drs. Oaster and Rinehart, the Philadelphia Eyesight Specialists with fifteen years practical experience and graduate eyesight specialists, who passed the state board examination, have opened permanent offices in the Kadel building, room 6, and invite the people of Gettysburg and vicinity, who are afflicted or who are not getting satisfaction, to call and consult them. We offer you free—a thorough, careful scientific eye examination.

DON'T GIVE UP  
No matter how skeptical you are, or how many times you have failed to receive correct glasses, or who has given up your case, or the price you have paid—come to us.

We are permanently located. We are here every day, and all day long. We can examine your eyes in the evening as well as in day time as we use artificial lights at all times to examine the eyes.

We have examined thousands of eyes and will guarantee to correct the trouble in yours. As all our work is made especially by prescription our guarantee agreement goes with every pair of glasses.

Let Us Make You See Possibly As You Never Saw.  
Don't Neglect Your Eyes. Don't Put It Off. See Us Today.
